

DATES	Patient Name: _____ DOB: _____																	
	Procedure Date: _____ PAC - (Y / N) Follow up appointment: _____																	
FINANCIAL	Procedure Fee \$ _____ (\$70 non-refundable booking/Gap/Excess fee to secure the procedure) Once a deposit has been placed – patient is aware and agrees to the cancellation & rescheduling policy: Cancellation / Rescheduling Policy: Do not book your appointment unless you are certain you are available. A non-refundable deposit of \$70 is required to secure your booking and will be forfeited if you cancel or reschedule other than in extreme circumstances. Cancelling appointments can put your health at risk, waste our time and preparation for your procedure as well as impact other patients. Rescheduling appointments will only be considered if the reason is beyond your reasonable control, ie: natural disaster, medical emergency for you or an immediate person in your care.

What is a Gastroscopy /Colonoscopy?

A gastroscopy & colonoscopy is an examination of the small and large bowel. To do this, they will use a long, thin flexible tube containing a camera (different sizes for each) and a light to view the lining of your organs in order to suggest the best course of treatment for you. You will be given a sedative so that you are not awake for the procedure. During the examination biopsies (small samples) of tissue may be taken. If necessary, some conditions may be treated through the endoscope. If you have a serious disease of your heart, lungs etc. or have diabetes requiring Insulin or tablet treatment, please contact our office 03 9044 4200 to discuss a special examination.
